SUBJECT: Comments: Annex B DCID 1/14 Adjudication Policy & Appeals Procedures

Dear [Redacted]

25X1

In accordance with your request at the July 31, 1980, meeting of the Investigative Standards Working Group, the following comments are offered concerning the above subject.

Annex B, as discussed at the July 31, 1980, meeting, is well written and covers all areas of possible concern, particularly item 5c, Procedures, as it relates to the matter of "due process" which has become of increased concern of late.

We have two identical comments with respect to items 5d and 5e. It is recommended that the words "in writing" be added as follows:

Item 5d: ".... will be notified in writing of the decision...."

Item 5e: second sentence, "....shall inform the person in writing of his decision, which...."

Sincerely,

A handwritten signature in dark ink, appearing to read "A. B. Dalinsky", is written over the typed name and title.
